# MOBILITY RIGHT(S)

## A HUMAN - CENTERED APPROACH TO RETHINK MOBILITY STRATEGIES AND SOLUTIONS

Mayors, mobility and city planning experts, representatives from the public and creative sector will be invited to share ideas and actions on fostering sustainable urban mobility, with active modes and public transport as backbones, as well as an universal access to diverse forms of mobility to facilitate access to other economic, social, cultural and human rights for inclusive cities and regions.

### Learn on sustainable mobility solutions

Training session (interactive) on innovative solutions for urban and metropolitan mobility

### Adopt a common agenda for "the right to move"

Engage the debate with the Community of Practice on Mobility and its partners for the adoption of an UCLG roadmap for inclusive mobility

### Foster creative spaces and solutions

Develop strategic alliances between cultural and mobility strategies for more open and creative societies for dynamic human settlements

## Join our communities!

5 main partners and their networks, 4 initiatives to engage, connect, foster social change
